APPLICATION FOR PERMIT

Serial No. 4800

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office DEC 24 1917
Returned to applicant for correction DEC 26 1917
Corrected application filed _____

The undersigned Mayor and City Clerk, respectively,
Name of applicant.
of the City of Lovelock, County of Humboldt,
State of Nevada, hereby make application for
permission to appropriate the public waters of the State of Nevada,
as hereinafter stated. (If applicant is a corporation give date and
place of incorporation.) _____

1. The source of the proposed appropriation is Wright's Canon Creek
Name of stream, lake, or other source.
2. The amount of water applied for is 1.10 second-feet.
One second-foot equals 40 miners' inches.
3. The water to be used for municipal supply of the City of Lovelock.
Irrigation, power, mining, manufacturing, domestic, or other use.
4. The water is to be diverted from its source at the following
point: This is an application for permission to change the point of
Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land it should be so stated.
Diversion. See Supplemental Sheet.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

- (a) Number of acres to be irrigated is _____
- (b) Description of land to be irrigated _____
Describe by legal subdivision, or if on unsurveyed land it

should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

- (c) Irrigation will begin about _____ and end about _____
Month.
_____, of each year.
Month.

IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE
FOLLOWING INFORMATION:

- (d) Power to be developed is _____ horsepower.

- (e) Works to be located _____
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section corner.

- (f) Point of return of water to stream _____
Describe in same manner as point of diversion.

- (g) Remarks _____

DESCRIPTION OF PROPOSED WORKS

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water

is to be stored in reservoirs it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

5. Estimated cost of works _____

6. Estimated time required to construct works _____

7. Remarks _____

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed _____ cubic feet per second.

Actual construction work shall begin on or before _____

Proof of commencement of work shall be filed before _____

Work must be prosecuted with reasonable diligence and be completed on or before _____

Proof of completion of work shall be filed before _____

Application of water to beneficial use shall be made on or before _____
Proof of the application of water to beneficial use must be filed with State Engineer on or before _____

WITNESS MY HAND AND SEAL this _____ day
of _____

State Engineer.

ORIGINAL

SUPPLEMENTAL SHEET.

SERIAL NO. 4800

Date of first receipt and filing in State Engineer's office DEC 24 1917
 Returned to applicant for correction DEC 26 1917

Date of first receipt and filing in State Engineer's Office:

Application No. 2626 January 30, 1913
 Application No. 3774 January 8, 1916
 Proof of Appropriation No. 01430A February 28, 1916.
 Proof of Appropriation No. October 1915

The undersigned, Mayor and City Clerk, respectively, of the City of Lovelock, County of Humboldt, State of Nevada, hereby make application, for and on behalf and in the name of the said City of Lovelock, to change the apoint of diversion of waters heretofore appropriated and beneficially used as hereinafter shown:

1. The source of the water supply of the proposed change is Wright's Canon Creek.
2. The quantity of water desired to be changed is 1.10 cubic feet per second.
3. The water is to be used for municipal supply of the City of Lovelock.
4. The water is to be diverted from its source at the following point:
 In the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Sec. 11, T. 29 N. R. 33 E., MDM.,
 whence the SW corner of said Sec. 11 bears S. 84° 51' W. 3914 feet distant.
5. The existing point of diversion under the original appropriations is as follows:
 In the SE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Sec. 11, T. 29 N. R. 33 E. MDM.,
 whence the SW corner of said Sec. 11 bears S. 63° 07' W. 2171.3 feet.
6. The water hereby desired to be changed, has been beneficially used and consciously used in the City of Lovelock, at the time of the appropriation, the Town of Lovelock, since December 10th, 1916.
7. The estimated cost of the proposed work is \$1,800.00.
8. The estimated time to construct the work is one year.
9. The water has been used heretofore throughout the year.
10. Remarks: The reason for changing the point of diversion is that the loss of water by evaporation and percolation between the present and proposed points of diversion is such that at times of extreme low water, the supply now available is inadequate. Saving of these losses is contemplated, also the development of the sub-surface flow of Wright's Canon Creek.

IN WITNESS WHERE the said City of Lovelock has caused its name to be subscribed and its seal affixed, by its Mayor and City Clerk, thereunto duly authorized, the 14th day of December, 1917.
